

COMPREHENSIVE TREATMENT PROGRAMS

Problem Sexual Behaviors Program

Brandon's Problem Sexual Behaviors Program provides comprehensive treatment and intervention to boys with histories of inappropriate sexualized behaviors. Using a supportive 4-stage framework based in Cognitive Behavioral Therapy, Brandon works with all players to deliver treatment that engages youth and families, and provide ongoing communication and assessment of goals.

Goals of Treatment:

- Develop comprehensive treatment and interventions to boys with histories of inappropriate sexualized behaviors
- Develop and implement treatment plans that encourage active participation by parents and/or guardians
- Foster the development of healthy relationships and attachments
- Expand social skills within the greater global community
- Provide ongoing communication and assessment of goals throughout treatment
- Work towards reunification with family or other permanent settings
- Opportunities when appropriate to transition to a more independent milieu within the Brandon community
